

As we have learned more about what The CARE Center does for our neighbors in SE Madison County, we have become more and more impressed with the impact that it has made....I have always believed in a model of ministry that meets the needs of the people where they are and earns the right for the gospel to be heard. The CARE Center is a great grassroots ministry that is doing just that. We at SDS wanted to be a part of that in a big way, so sponsorship was a way for us to put a stake in the ground and let people, with whom we are associated with, know that we feel The CARE Center is important to our community.
